

The College has an alumni association. They usually meet once a year and conduct academic events and attend the general body meeting. The alumni association helps to develop a database of all the alumni with information about their employment, their employers and nature of their present work, contact addresses, phone numbers and e-mail IDs. Such information helps the present students to contact the alumni for suggestion. Some of the alumni have contributed generously for various academic events on the campus. The alumni association has developed goodwill between the present students and the alumnae.

The college maintains a close relation with its past. As ours is a rural base college where majority of students belong to economically backward families hence most of the alumni's are financially not so sound to make palpable monetary contribution to the college. In spite of their constraint, the alumni contribute generously to the development of the college. The Association takes up different positive and quality oriented measure from time to time and renders active cooperation to the college management towards implementing various programmes. A number of members of the association generously provide financial aid to the authority as and when situation demands, which are utilized in the development of various infrastructure and other facilities.

Nevertheless, their contribution in terms of other services like cooperation in organizing various programmes, in extension activities, in sports and cultural activities etc. is by no means lesser. In the development of the college as a whole to reach its present stage, the contribution of the alumni through their involvement is always creditable and appreciable. The former faculty members of the college are always invited on different occasions and welcomed by the college for their valuable suggestions and their interests are taken care of. In near future an association of former and retired faculty members of the college is going to be formed.

These apart, the association has been contributing to the infrastructural development of the college from time to time. For instance, the members of the association contributed financial assistance to extend and construct the students' rest house, construction of Boys' hostel boundary wall, to provide running drinking water facility system and the electricity supply system with a 250 KVA Electricity transformer for the college and hostel.

Harhi College has an alumni association namely "Prakton Chatra Sanmilony". They usually meet once a year and conduct academic events and attend the general body meeting. The alumni association helps to develop a database of all the alumni with information about their employment, their employers and nature of their present work, contact addresses, phone numbers and e-mail IDs. Such information helps the present students to contact the alumni for suggestion. Some of the alumni have contributed generously for various academic events on the campus. The alumni association has developed goodwill between the present students and the alumnae.
